

New Distributor Joins Enviro-Solutions Team

Ontario, Canada – Enviro-Solutions, a leading manufacturer of proven Green cleaning products, announces that Butler-Dearden Paper Service, based in central Massachusetts, and serving several New England states, will now be distributing the company’s cleaning chemicals

Butler-Dearden Paper is one of the oldest distributorships in the United States still in existence. Started in 1882, it is still family owned, now operated by the family’s fourth generation.

Traditionally the company has provided paper products, print paper, office supplies, and packaging materials to its customers.

However, with Enviro-Solutions, it will now carry a full line of cost competitive, Green-certified cleaning products.

“We are fortunate to have such an esteemed company as Butler-Dearden Paper join our team,” says Mike Sawchuk, vice president and general manager for Enviro-Solutions. “To be in business for more than 120 years means they must be doing a lot of things right.”

Adds David Butler, President of Butler-Dearden, “We know our customers will really like these products and [the products] will help us become the Green cleaning experts for our area.”

About Enviro-Solutions

Enviro-Solutions is a leading manufacturer of Proven Green, environmentally preferable cleaning products. An ISO-9001 certified company, Enviro-Solutions was established in 1994 with very focused goals: To develop and market a superior line of environmentally preferable cleaning products and solutions. Using advanced technology, the company manufactures products that offer proven safety, health, and environment benefits without sacrificing product performance and are competitively in price.
